seanrk06@icloud.com

Skills

Skilled in project management, data analytics, and team leadership. I also possess knowledge of a multitude of programming languages, including but not limited to Python, C, and Javascript. With those languages I have accumulated experience and am now able to build full-stack web applications using multiple frameworks within the aforementioned languages.

Experience

June 2019 - August 2019

Southampton Day Camp – *Counselor In Training*

- Helped supervise a group of kids for a Summer under the leadership of a head counselor.

June 2021 - August 2021

Taco Bell – *Service Champion*

- Worked as a cashier for both the drive-through and front register.
- Oversaw customers' meals from the kitchen in order to make sure they received their complete order

June 2021 - August 2021

Neurological Practice– *Research Assistant*

- Managed data relating to patient records in research involving migraine patients.
- Oversaw patient-facing facilities and made sure equipment was maintained properly.
- Cataloged medication for study subjects.

June 2022 - August 2022

Restaurant – *Busser*

- Addressed service-related needs of the customers in addition to team support of coworkers.

Outside of School Extracurriculars

- STEM Enrichment of Pennsylvania (stempa.com)
 - Co-president and founder
 - The STEM Enrichment of Pennsylvania or STEME is an organization run independently by students driven to improve youth literacy in STEM through partnerships with local businesses and communities.
- Sigma Alpha Rho fraternity
 - President of Phi Chapter as of Jan. 2021
 - Sigma Alpha Roe is a student-run youth organization that has had thousands of alumni over its 100 year history. The primary goal is to instill a sense of leadership and values in young men.
 - In my time as president, I more than doubled the size of our group from 8 to 20 and we plan to continue to expand.
- Volunteering
 - I have committed over 50 hours to the Wrightstown Farmers Market, a local market that supports healthy soil, produce, pastures, animals, people, and local communities.
- Martial Arts
 - I have learned and studied Tang Soo Do for the last 9 years of my life. During which I have achieved a Second Degree Black Belt as of 2020.
 - I have been awarded many distinctions such as a Gold medal in the 2017 Pilsung Martial Arts Association Championship
- Programming
 - Website Development
 - Personal Portfolio Website (<https://seanklein.info/>)
 - I built this website to display my achievements and my recent projects to act as a “virtual resume.”
 - Technology Club Website (<https://technologyclub.netlify.app/>)
 - This website serves to explain what my club is about to new or incoming students
 - RefugeForUkraine Website (<https://devpost.com/software/refuge-for-ukraine>)
 - This award-winning website was designed to track the Russia-Ukraine War visually to send help where it's most needed.

- ForgetMeNot Website
(<https://devpost.com/software/forget-me-not-93xuw2>)
 - Teachers and students alike have struggled with virtual learning since the start of the pandemic. This website can help with the productivity of students and the management of teachers.
- Study Buddy Website (<https://devpost.com/software/study-buddy-rit0sq>)
 - The Covid-19 pandemic has increased anxiety globally. Study Buddy was made to help young adults cope with social anxiety. It is not hosted live.
